FREELANCE WEB APPLICATION DEVELOPER

Experienced and proactive web application developer with a strong background in creating dynamic, user-focused web applications and solutions. I am proficient in various technologies, including Java, PHP, JavaScript, React.js, Tailwind CSS, Bootstrap, jQuery, SQL, and Git. Skilled in front-end and back-end development, with a proven ability to manage multiple projects, communicate effectively with clients, and deliver high-quality work on time and within budget. I am seeking to contribute expertise and freelance agility to a collaborative team, driving innovation and achieving exceptional results in web development.

KEY COMPETENCIES

- Full Stack Development
- Version Control
- Database Management

- Problem-Solving and Debugging
- Responsive Web Design
- UX/UI Design Principles

- Strong interpersonal skills
- Project Management
- Continuous Learning

PROFESSIONAL EXPERIENCE

Barangay 409 Sampaloc Manila   **Jan 2024 - July-2024**
ResiQuest- Automated Document Request Management System
The Document Request System (DRMS) is a specialized web application tailored for the administrative needs of Barangay 409, Sampaloc, Manila. This initiative arose from the necessity to modernize the barangay's largely manual and time-consuming document-handling processes. By transitioning to an online platform, the project seeks to alleviate common challenges such as long queues, processing delays, and accessibility issues for residents who are unable to visit the barangay hall during working hours.

Bean to Cup PH   **Feb 2023 - Aug 2023**
BeantoCup - Coffee shop Order Tracking Management System
The Order Tracking Management System (OTMS) was developed for BeantoCup PH, a popular coffee shop, to streamline their order handling and customer service operations. This project was initiated in response to growing customer demand and the need for a more efficient system to manage orders from placement to delivery.

Halifax Public Libraries   **July 2020 - Jan 2022**
Freelance Transcriptionist
As a professional transcriptionist, I have developed a keen ability to transform complex audio files into precise and accessible text documents.
